The first thing I noticed when I stepped  
 out of the boat was the cold water.  
 It was a shock to the system. I had  
 heard that the water was cold, but I  
 didn't realize how cold it was. I  
 was wearing a heavy coat, but it  
 didn't seem to help. I was  
 shivering all over. I had to  
 get out of the water as fast as I  
 could. I was so cold that I  
 couldn't think straight. I was  
 lucky that I had a blanket with me.  
 I wrapped myself in it and  
 tried to get warm. I was  
 still shivering, but I was  
 a little better. I had to  
 get out of the water as fast as I

 couldn't think straight. I was  
 lucky that I had a blanket with me.

 a little better.

The second thing I noticed was  
 the smell. It was a strange  
 smell, like something was  
 burning. I didn't know what  
 it was, but it was  
 definitely not good. I  
 was so cold that I  
 couldn't think straight. I was  
 lucky that I had a blanket with me.  
 I wrapped myself in it and  
 tried to get warm. I was  
 still shivering, but I was  
 a little better.

The third thing I noticed was  
 the sound. It was a loud  
 sound, like something was  
 crashing. I didn't know what  
 it was, but it was  
 definitely not good. I  
 was so cold that I  
 couldn't think straight. I was  
 lucky that I had a blanket with me.  
 I wrapped myself in it and

I decided that  
 I had to get out of  
 there as fast as I  
 could. I was so cold  
 that I couldn't think  
 straight. I was  
 lucky that I had a  
 blanket with me. I  
 wrapped myself in it  
 and tried to get warm.  
 I was still shivering,  
 but I was a little  
 better.
